# THE PADUCAH DAILY SUN.

The SUN is the only Republican daily in Kentucky west of Louisville.

VOLUME 11—NUMBER 22

PADUCAH, KENTUCKY, THURSDAY, OCTOBER 7, 1897.

TEN CENTS A WEEK

## A HORRIBLE OUTRAGE.

A Woman Assaulted By Eleven Men in Newport.

## WHOLESALE LYNCHING EXPECTED

Weyler Says He Won't Resign as Captain-General of Cuba.

## SO WIRES PREMIER SAGASTA.

Newport, Ky., Oct. 7.—Mrs. Thomas Gleason was taken from her husband while out walking last night in the edge of the city and brutally assaulted by eleven men. Ten members of the band of ruffians have been arrested and identified by their victim. The city is in a terrible state of excitement and a mob has been formed for the purpose of lynching the men. Two hundred extra policemen have been sworn in to protect them.

## UNDER SPAIN'S SUZERAINTY.

Is the Condition On Which Cuba is Once More Extended Autonomy.

Madrid, Oct. 7.—At a cabinet council last night the government decided to grant autonomy to Cuba under the suzerainty of Spain and to continue the campaign as long as may be necessary.

## PRINCETON WEDDING.

Mr. I. G. Wesson and Miss Bessie McWhorter United Last Night.

Princeton, Ky., Oct. 6.—Last night at 9 o'clock Mr. I. G. Wesson and Miss Bessie Lee McWhorter were married at the residence of Mr. J. D. Leach, Vice President of the First National Bank. The ceremony took place in the presence of a few special friends of the bride and groom. Rev. L. McWhorter, of Greenville, Tenn., father of the bride performed the ceremony.

Miss McWhorter is a beautiful and young woman, and Mr. Wesson was a former citizen of Paducah. He now lives at Combs. After the ceremony they left for their future home in Combs, Miss.

## BANKERS' CONVENTION.

J. D. Powers, of Owensboro, Elected President.

Next Meeting May Possibly Be Held in Paducah.

Frankfort, Oct. 7.—Hon. John D. Powers, of Owensboro, was elected president of the Bankers' Association today for the coming year. The next meeting will be held at either Owensboro, Pa., Bowling Green or Paducah. It will be decided to hold the meeting at Owensboro.

## TYLER'S NERVE.

Newspaper Intend to Represent He Offers Sagasta Four of His Services.

Washington, Oct. 6.—Senator Sagasta, minister of the interior, has received a cable from the newspaper editor, offering him four of his services. Sagasta has declined the offer and says: "I shall not do so."

## TOR BRANN ASSAULTED.

Waco, Tex., Oct. 6.—This afternoon W. C. Brann, editor of the "Waco Tribune," was publicly beaten by Judge Scarborough, George Scarborough and R. H. Hamilton. The assault began in the Provost Hotel, and was continued for half a block down the street until Brann fell in a heap on the street car track.

Brann was bleeding from a dozen savage cuts on the head and face. In less than five minutes a thousand excited citizens had gathered on the scene, and there was every indication of trouble. Six-shooters were in evidence, and for a time it looked as if a rioting could start a row, but the sheriff and his deputies were on the scene and forced the crowd back and restored order. Brann's assailants were arrested.

Judge Scarborough is a trustee of Baylor University and has a daughter in the university. He says Brann's recent attack in his paper on the university is what caused the trouble this afternoon. Young Scarborough and Hamilton are students in the institution, and say that Brann's attack was beyond endurance.

After the affair, Brann made this statement:

"I was standing at the elevator when suddenly three pistols were stuck in my face. As I was descending the steps blows were rained on my head. In front of the building

## EVANGELIST MULHOLLAND.

Paducah's Erstwhile Postmaster Back.

## HE IS WARMLY WELCOMED.

Is Accompanied by Evangelist W. Glenn Taylor of New York—Has Not Changed.

## WILL HOLD A MEETING HERE.

Evangelist Hugh Mulholland, formerly of this city, who is well known to everybody who has lived here any length of time, arrived at noon from Louisville, accompanied by Rev. W. Glenn Taylor, of New York. The two are evangelists, and came here to hold a meeting of four or five days in Windsor Chapel, on South Third near Adams.

Mr. Mulholland stated to a SUN reporter that he was glad to get back to Paducah, and that his home is now in Boston.

"How long do you expect to remain?" he was asked.

"As long as the Lord keeps me," he replied.

He is looking well, and has not changed a particle since he left Paducah two years or more ago.

He and his assistant went to the Palmer House, where Mr. Mulholland was warmly greeted by all of his old friends whom he chanced to meet.

Later, on the streets, he attracted no little attention, and received the warmest welcome from scores of old friends.

His meeting begins tonight at Windsor Chapel, and will no doubt last as long as the interest will justify.

As is doubtless well known, Mr. Mulholland was converted soon after leaving Paducah, and has since done valiant services in the cause of Christianity.

He has exhorted in many cities and states, but recently has been at Boston.

Bloxi, Miss., reports five new cases and one death tonight, a total of ten deaths to date. Four of the

physicians of the town are down with the fever, among them Dr. Harolson, executive officer of the board.

Mobile shows four new cases, but no deaths, and Edwards sixteen new cases and one death, a total of sixteen to date.

Surgeon General Wyman has authorized the location of a fumigating plant at a point outside the city on the Illinois Central road, and another at Hurricane, Ala., twenty-three miles east of Mobile. This action was taken because Alabama, Mississippi and parts of Texas have refused to receive any of Texas have refused to receive any of the fumigating in the city, and the department was forced to fumigate the mails outside the city. Everybody in the fever infected districts of Mississippi, Alabama and Texas is interested in Guitierrez and his investigation of Galveston, and every town and hamlet is itching to get a chance to declare quarantine against that town.

## THE RAILROAD COMPANY

Didn't Do Much to That House of Mr. Owen's!

The Illinois Central has won the third round in the contest with Mr. Brack Owen.

Mention was made last week of the fact that Mr. Owen did not propose to give up his river front property, in the right of way ceded by the council to the company, for the amount awarded.

He accordingly had built a small frame house directly where it was intended the trestle should pass, but while he was looking for someone to put in it, the railroad company took possession of it and built a fence around it.

This possession it retained until today, when the pile driver reached the place. A trestle was lowered, attached to the house, and it was hoisted into midair by the huge machine and dropped off to one side, and the trestle now passes over where it stood yesterday.

A gas or oil heater for the bathroom is no longer a luxury, but a necessity. Scott Hardware Co. sells the best.

## VAGRANTS GALORE

Dull Times For Steamboat Darkies.

## CASES BEFORE JUDGE SANDERS.

Orange Brown Acquitted of a Charge of Petty Larceny.

## VAGRANTS TOLD TO SHIN NO MORE.

Will Webb and Vance Marable, colored boys, were charged with throwing a rock which struck Mr. Beverly Reed's residence on Jackson street. The boys denied throwing the rock, saying that John Buford threw the rock, if any was thrown. The case was left open.

Peter Jameson, of Mayfield, was charged with breach of ordinance, committed at the Union depot night before last. The case is set for tomorrow.

The case against Orange Brown, colored, charged with petty larceny, was taken up in the police court today. The wagon he was charged with stealing was loaned to Thomas Clark by the owner, William Williamson. About August 1st the wagon broke down at Ninth and Court streets and Clark left it there. When he went back it was gone.

Brown claimed he bought the wagon from a white man, and had a new wheel put on it. He used it publicly, and it was found in his possession by the owner on the street one day about two weeks ago. The defendant was given the benefit of the doubt and discharged, the court awarding him the wheel.

Robbie Owen, colored, pleaded guilty to using obscene language and was fined \$3 and costs.

Rhoda Greer, colored, was charged with telling Susan Montgomery that she was a morphine and cocaine fiend. She denied the charge. She said the other woman fussed so much she remarked that she "was so full of morphine she didn't know what she was doing." The latter then accused the other people of using cocaine. The case was left open.

Several darkies and one white man were charged with vagrancy. Officers Eaker and others arrested them at the morning grays last night.

White Parker said he was at work at Capt. Johnson's, at Fourth and Clark streets, but hadn't found any other place to sleep. His home is in Alabama, but three years ago he left home with a string of horses and went to Pennsylvania and has never been since.

Henry Coleman, running on the Danbar, he lives at Evansville, and came here Sunday.

John Mitchell is a shoemaker who has been employed at various shoe shops here. In addition, he is teaching a brass band, and played last summer at Labelle Park. He could not get in his boarding house last night, and went to the ways to sleep.

Thomas Black has been at work for the Kentucky Fruit Company. His home is in Louisville.

Andrew Watson, of Mississippi, had been working on the W. K. Phillips and the City of Paducah. He went down to the ways "to see a friend," and dropped off to sleep. He was present at the shooting on the Phillips Monday night.

Charlie Robertson, of Danville, Tenn., has been working on the Phillips and Clyde, but likes a change of jobs now and then. He said he wouldn't be caught in Paducah any more if released, and made a bee line for Memphis when told to go.

Will Brown, of Evansville, got off the Buttrick last Thursday when he laid up. He hadn't been able to get on any other boats, because few of them are running.

Jim Hunsdon had been working for Mr. Charles Michael and sleeping on the Sheffield. The Sheffield left yesterday, and he had to get another place to sleep.

"Fencing John," a crippled darky, said he couldn't do work if he could find it. Sometimes, he said, he had to call some one to help him up in the morning. He said he didn't want to go to the lockup, because it made a fellow too stiff. He was released.

A case against Leona Edwards, charged with using insulting language towards Lou Coleman, was dismissed. All the men charged with vagrancy were dismissed.

"A THOROUGHREED"

At Morton's Opera House Monday Night, October 11.

The new musical farce comedy will be seen for the first time in this city at Morton's Opera House Monday, October 11, introducing the greatest and only Billy A. Griffin, the greatest comedian and banjoist appearing before the public, who will appear in his original character of Dusty Rhodes, an ex-race track sport. Mr. Griffin has this season surrounded himself with an all-star caste of comedian singers and dancers, who will introduce the latest songs of the day.

The big steamer Kaiser Wilhelm der Grosse yesterday arrived at Plymouth, England, having made the voyage from New York in five days fifteen hours and ten minutes, eighteen hours better than the best previous record.

Announcement.  
Commonwealth's Attorney.

Sam Houston is a candidate for the office of Commonwealth's Attorney for the Second Judicial District composed of Madison and Marshall counties at the November election.

WHAT can be expected from a ticket whose leader bolted a nomination of his own party?

A new deal in the police force will more than likely be attended to at an early date, and for the benefit of the city.

A town in England reports 1172 cases of typhoid fever and 46 deaths within the past few weeks. The yellow fever of the South is hardly making that record.

It is laughable to expect the bolt of the democratic nomination of Capt. Johnson, can he claim that democrats have no right to bolt his own nomination? All of which they intend to do.

The movement of gold to American shores is likely to be a deluge of the yellow metal before the coming winter is over. Europe, Australia and Asia are rushing up their gold to exchange for the products of the American farmers.

The Labor Bureau at Washington estimates the cost of strikes between 1881 and 1894 at \$163,897,866, and the number of persons thrown out of employment at 3,714,406. This, and much more, is what it has cost to learn that strikes are a failure.

The Sun has not deserted Capt. Farley, but for the whole ticket, from top to bottom—city, county and state. And while we are supporting Farley, we do not think it necessary to descend to personalities and low insinuations regarding members of the Democratic ticket.

Some idea of what the Cuban war has cost Spain can be gotten from the fact that in eighteen months, beginning with November, 1895, that

country sent to Cuba 187,999 soldiers, 91 cannon and a full supply of munitions of war. It is no wonder that one of the great parties in Spain is in favor of ending the war by diplomacy.

The "Register" still deals in insinuations about Capt. Farley, but is too cowardly to make specific statements. Capt. Farley is not afraid of, and does not object to, a critical examination of his record as a public official. None but a blackmailer deals in cowardly insinuations, and such the "Register" is showing itself to be in its attitude towards Capt. Farley.

The rape of the Populist platform by the Democrats in 1896 won't be marker to the wholesale theft that will be perpetrated in 1900 by the Democrats if they keep abreast of the times as indicated by prominent Populist leaders, for your silver Democrat guides his actions by a Populistist weather-vane. Greenbackism, and government ownership of railroads, telegraphs and telephones will be a few of the stealings of 1900 when the platform comes to be made.

Nine years ago the world's production of cane sugar was larger than that of beet sugar, but for 1897 the estimate is 4,773,000 tons of beet sugar and 2,432,000 tons of cane sugar. To get our share of that enormous business and to manufacture in this country the sugar that we now pay \$100,000,000 for to foreign nations is the object of the sugar schedule of the Dingley tariff. In ten years that tariff law if allowed to stand will build up a sugar industry in this country that will take the trade out of the hands of the trusts and give the people sugar at what it is actually worth.

The workmen of this city and this state are greatly interested in the coming election. A Democratic victory in Kentucky this fall means the infusion of new life into the cause of free silver, and means a continuation of the agitation which has unsettled business for the past two or three years. The silver democracy is determined to force upon the people a cheaper money. They would introduce the monetary conditions in this country that are blighting the workmen of Mexico. The alleged friends of the laboring people care nothing for the people; they are simply a lot of worn out politicians or ambitious demagogues who will be anything to everybody in order to get into office. The majority of these men are free traders, who would close up our American mills and open the mills of Europe. Knowing well that wages do not advance as fast as products when the currency is cheaper, they yet pretend that cheap money will help the laboring people. The duty of the laboring people is to give free silver a defeat in Kentucky this fall. A defeat here would be almost a death blow to the free coinage of silver.

Debs made a speech at the recent labor convention in Chicago which must have startled its hearers. It was certainly a surprise to its readers. "Strikes don't pay," said Debs. "All strikes are lost. They are useless. They are caused by the employing classes. When capitalists get ready for a strike they provoke it, knowing well their cause is won before the conflict begins. The various labor unions of this country have all they can do to take care of their own men. Never in my experience have I seen a strike which had the sympathy of the public, and even of part of the employing class, as the miners' strike did, and yet when an appeal was made for financial aid less than 7c per striking miner was received." This talk is sensible and coming from Debs will have a great weight with the people who engage in strikes. The great public wants to see fair play; it wants to see every man earn living wages; and it will help all it can to settle the great labor question; but strikes with all their attendant horrors have obscured the real questions at issue and have greatly lessened the sympathy of the people with the strikers.

CONSUL RIDGELY, at Geneva, Switzerland, in a report to the State department, says that during the first six months of this year there was considerable revival of exportation to the United States, especially in watches. In June there was a great deal of anxiety to get the goods in before the tariff bill went into effect. At present, however, the manufacturers are not satisfied with the outlook; exports to this country are not only falling off, but business in general is dull. There has been a very large increase in the number of bicycles imported from the United States, and some American makes have taken a strong hold there. An increase in the importation of United States canned meats is also noted. One of the interesting features of the report is that announcing the importation of 2000 boxes of California dried fruits.

And yet we are told by the free traders that we must buy foreign goods if we would sell to foreign

countries. Right at the moment when our new tariff is actually making business dull in Switzerland, comes the report that the Swiss are buying more of our bicycles, of our canned meats and of our dried fruits. It can be put down as a fact that the people of foreign countries buy where they can buy the best and the cheapest, and nowhere else.

The sound money Democrats and the Populists in this country occupy a position similar to the American colonies, as to the political emoluments of the county—taxation without representation. They can vote all right enough, but when it comes to holding office, they are nothing but "traitors and renegades." By every means possible the Democratic organization caters to the votes of the sound money Democrats and the Populists, but they draw the line very closely when it comes to making nominations. It is well known that in the city primary the sound money record of certain candidates was worked for all it was worth, and that it was in reality made the issue in that primary, although now these same leaders say the money question has nothing to do with it. After the recent judicial district primary when it was evident that Mr. Taylor, the Populist, had been nominated, the Democratic leaders, were very open in their statements as to what they would do if a Populist got the nomination, although the Democratic committee had particularly invited all the Populists to come into the primary and to take part. One member of the Democratic committee went so far as to state that he would resign if Taylor was declared nominated. Even before the results were known the Democrats were casting about for some one with whom to defeat Taylor, even going so far as to approach the Republicans with propositions for an independent Republican to make the race. That is the position the sound money Democrats and Populists occupy. They have no part in Democracy except to vote. As long as they vote the Democratic ticket they are all right, but to aspire to office is an unpardonable offense.

TRADE EDITION.

We have in contemplation the issuing in the near future of a Trade Edition of the Sun of 25,000 copies, this to be issued in connection with our anniversary edition.

We wish to make this issue a thorough and comprehensive statistical review of the year's volume of trade, believing thereby we will place Paducah among the cities of the "first class." Our city has never had a complete business review, such a one as we propose to issue.

And in this connection we would be pleased if the different commercial interests would communicate any statistics they may have. The city is being canvassed now preparatory to beginning the real work of getting out the edition. This edition will be handled and distributed by the Syndicate press, which will be a new feature in Paducah journalism, and insures a large and judicious circulation. All desiring advertising rates and full information of this edition can get same by calling at this office.

WHO ARE THE TRAITORS?

The immaculate "Register," which poses as the "only Democratic paper in Paducah," and which refuses to publish the Democratic ticket, even after the contract made with the candidates who put their announcement cards in that paper, is still talking about the "treachery of some men who were in charge of the Democratic party's affairs." As the "Register" is determined to judge a man's democracy by the way he voted in 1895, and considers as Democrats only those who supported the manager of that paper and the rest of the A. P. A. ticket two years ago, it would be well for that paper to let the public know who these traitors are. It is currently reported that five or six six of the present Democratic city ticket did not vote for the A. P. A. ticket and it is well known that four or five hundred Democrats repudiated the ticket. Give the names of these traitors, the people would like to know who they are.

There is no question but that the reason the "Register" does not carry the Democratic ticket at its masthead is because of the determination of the manager to support no man who voted against him two years ago.

### "HOGAN'S ALLEY"

Was Hugely Enjoyed Last Night—Coming Back.

For three hours the audience at Morton's opera house was entertained last evening by the scenes in "Hogan's Alley." No one seemed tired, and the vast throng seemed to leave the house reluctantly when the curtain fell on the last act.

The best company presented one of the best farces ever witnessed here. "Hogan's Alley" is without plot, but then it doesn't need a plot. It has enough other good things without one. The production is replete with pretty, catchy music, the latest and funniest songs and jokes, and the cleverest people imaginable. The girls are all pretty, are fine dancers and good singers. Taylor and Korchner, the musical team, is first-class. Harry Randall, as the Dutchman, is unsurpassed, while Campbell and Caulfield, as the two Irishmen, keep the house in a continual roar.

The hit of the evening, however, was made by "Tiddlerswink" and "John Dugan," the two small boys, one of whom plays the "Yellow Kid." Their singing, dancing and comedy work are excellent and they were repeatedly cheered.

The company went to Union City at noon and will return and give a Saturday matinee and evening performance.

Ned Gaines' stock and wagon barn at Frankfort, was destroyed by fire Tuesday night.

HARDEN LEAD CO. LTD.  
Springfield Men Invent Gun Tests for Krag-Jorgensen Rifle.  
Charles W. Bales, a chemist, and Edward Jerry, a surveyor of Springfield, Ill., claim to have discovered a process by which they can leaden bullets and render them superior to the steel-jacketed bullets used in the Krag-Jorgensen rifle. Lead has been found to slob the barrel of the rifle, and the steel bullets eventually tear the barrel. These bullets do neither. Messrs. Bales and Jerry procured some of the smokeless powder used by the government, and a Krag-Jorgensen rifle, and have made numerous experiments. At a distance of 30 yards they shot a hole through an ax blade, and also through a flat iron. They will now offer to sell the government their process. The leaden bullets would cost the government 90 cents per pound less than the steel bullets now in use.

### WRITTEN AT RANDOM.

"This is a nice condition for you to be in," reproachfully remarked a dignified man to a stranger who sat at Fourth and Broadway the other day with his feet in the gutter. The stranger had consigned himself on the curbstone, and the water trickled merrily over the toes of his shoes. Of the whole fact he seemed blissfully unconscious.

The stranger looked up at the clergyman but did not deign to reply. "Say, my friend," remarked another good samaritan who presently happened along, "you'd better get in with that load, or the cops'll get you."

The stranger smiled grimly but did not even look up this time. "Mister, d'ye know yer feet's gittin' wet?" piped a small boy with a bundle, but receiving no response he passed on.

Presently a darkey stopped, looked at the silent figure, and offered to take him home for a dime.

A doctor passed and kindly advised him to go home where and lie down, and about this time the man got up with a look of desperation on his face and started off.

"It's d—d funny," he observed to a policeman who came along, "how many people there are in this world who are never too busy nor too stung to stop and give you advice. And it's d—d strange that a man can't soak a pair of new shoes in the gutter without everybody thinking he's full."

Paducah has had her share of attractions this summer and fall, and there are others yet to come. There have been two cruises, speeches by prominent politicians, bicycle and horse racing, both at day and night, baseball, conventions of various kinds, a fair with more races, Buffalo Bill, and she is soon to have Billy Bryan, the biggest bicycle meet ever held in this section of the state, and a big medical convention next November. All such things bring many visitors to the city and help build up its reputation abroad.

Yesterday morning a wagon was seen rapidly approaching the city on the Benton road. When it reached town it was seen that two men occupied it. The vehicle and foaming horses had dust about an inch thick on them, and the travelers looked tired and worn out.

"Say, pard, what's Buffalo Bill showin'?" asked one as he leaned out and accosted a passer.

"He's showin' in Union City to Democracy," was the reply.

"Two men looked at each other the next day, and one remarked, 'Why, ain't he in Paducah to the "roley"?"

"Not much," answered the other, "he was here yesterday."

"I'll be d—d darned pardner," roared, "joined the other country man, 'that's Advertyment hard! We've driv from the other end to see that show an' we've turned hard an' now it's dun com plan' gone, ha ha ha!"

"Yes, you're a day too late," said the sympathizing rejoinder.

The farmers evidently didn't believe their informant, however, for they asked at least two or three others before they were sufficiently convinced to give up their search for the Wild West man and his big show.

A colored barber of West Broadway was evidently can't use a pistol quite as well as he can the "razzer."

Whereas the other day there was a mad dog running in the neighborhood, and the President's barber, who was employed by Roland Thompson, was given permission by Olin to shoot the dog.

He seized the foaming, frothing canine by the tail, and solemnly

said, "Now, doggie, you bettah tote all yo' fren's good bye, kase you've gwine to lebe." With one hand holding the dog he pointed the pistol at it with the other and fired. But didn't come within two feet of it. The dog was finally killed, but the other darkey "guyed" the barber so on his poor manhoodship that he left town.

Capt. Rouse says his watchman at the coal pit, Col. Tuck Russell, is sorely distressed over the prediction of a seven years drouth, and spends much of his time speculating on the probable outcome of a seven years dry spell. At last accounts, however, he had reached the conclusion that if it doesn't rain for seven years we may all die.

While there are two sides to every question, it looks as if it might have been well for the school board to grant a half holiday on the 15th inst., the day of the big bicycle races.

The Paducah wheelmen have incurred great expense in getting the big riders, who draw thousands of people to even the largest cities in the country, to come to Paducah, and they not only need, but are entitled to, all the patronage possible for them to get. In this day when everybody, from children just able to walk to grandpa, is interested in bicycle racing, it would have been a concession not only to the Paducah Cycle Club, but to the children as well, to have allowed the holiday, especially as the races come on Friday, and there is seldom any school on Friday afternoon to amount to anything.

Most of the time on that afternoon being taken up in tireome literary exercises. It is hoped that the half holiday will after all be authorized by President Lang.

### SCHOOL BOARD.

Mr. C. C. Rose Elected Secretary.

Not Much Business Transacted Last Night.

The Board of Education met last night in regular session, President Lang in the chair. There were eight members present.

Supt. McElroy reported average attendance for the first two weeks of school to be 1405 white, 580 colored.

Mr. Leake, of the finance committee, presented the following bills, which were allowed:

C. L. Harrison & Co.	10.00
C. A. Norvell	10.00
American Book Co.	10.00
Edna L. Association	2.50
Claude Baker	2.50
T. S. Walden	14.50
R. F. Fisher	8.50
C. C. Lee	2.00
R. G. Terrell	2.00
Amos B. Brown	2.00
Amos B. Brown	2.00
L. B. Ogilvie & Co.	1.00
J. E. Faxon	1.00
Rose & Paxton	7.50
J. E. Faxon	2.00
Hammel Bros.	6.00
Quigley & Co.	10.00
J. L. Powell	1.00
Paterson & Clements	3.00
Van Clutin Bros.	10.00
M. Leake & Co.	2.00
Paducah Ice Co.	14.00

The coal bills were referred for investigation.

Treasurer Terrell reported a balance of \$15,227.56.

The matter of teachers reducing per cent. of pupils in scholarship on account of absence was referred to Messrs. Terrell and Lawrence.

Mr. B. B. Davis was selected superintendent to look after the erection of the new school building of a salary of one per cent. of the work.

The matter of providing a corner store for the new building was also discussed and the secretary was ordered to furnish names of the School Board, etc., to be engraved thereon. The matter of naming the building

the Brian, in honor of the late secretary was deferred.

Miss Emma Morgan reported that her room was so crowded that an additional teacher was necessary, but no action was taken.

The building committee and Messrs. Terrell, Lawrence and Smith were authorized to locate the new school building.

President Lang stated that the Paducah Cycle Club wanted one session held on the day of the bicycle races, but Trustees Smith and Rose objected, and no action was taken.

The Board elected Mr. C. C. Rose to succeed Mr. W. H. Brian as secretary.

### DROUTH IN MAYFIELD.

The Farmers Are Hauling Water From the Water Works.

Mayfield, Ky., Oct. 6.—The drouth continues in this section, and all vegetation is dried and burned up on the stalk. All the ponds and cisterns are dry around Mayfield, and the farmers are hauling water for stock and family use from this place.

There are hundreds of barrels of water taken from here every day. The president of the water and light company, Mr. Tom J. Landrum, telegraphed orders here from Louisville several days since to supply the country people with all the water they needed, free of charge, and they are hauling it in every direction.

This liberality has been a blessing to all this country. They are coming in after water from twelve and thirteen miles away, as every creek in the county is dry.

Nearly every farmer around here will be prepared for dry weather next year, as they are putting in time during the drouth in digging new ponds, cleaning and fixing old ones and digging deep cisterns for home supply of water. Were it not for the deep well system in Mayfield, there would be much suffering here and around in the county for water.

Dollar wheat and high prices for tobacco are good for the farmers, but a good, general rain at this stage of the game would be about as good as the shekels.

### NEW QUEENSWARE FIRM.

It Will Begin Business on the 11th Inst.

A new queensware company filed articles of incorporation yesterday. It is to begin business in the old Robins Glass and Queensware Company's stand on the 11th inst., the directors being Messrs. W. F. Paxton, W. C. Ellis and R. W. F. Tully. The name will be the Kentucky Glass and Queensware Company.

Joseph Ladue Returns from Alaska and Claims the Girl of His Heart.

A special to the New York World from Plattsburgh, N. Y., says: Joseph Ladue, owner of the town site of Dawson, Alaska, is now on the way to his former home at Schuyler Falls, Clinton county, N. Y., to be married. His bride is said to be Miss Mason.

It is said that Ladue and Miss Mason were married long ago, but Miss Mason's parents opposed the match, because Ladue was too poor to marry.

Ladue went to the Black Hills in search of gold. He was quite successful, but before coming east to claim his bride, he went into a speculation in Deadwood and lost every dollar he possessed. Ladue wrote to Miss Mason of his misfortune and soon after went to Alaska.

He did not return home until two years ago, and then it was settled that upon his return from another trip to Alaska they would be married.

### SOLDIERS FOR ALASKA.

Establishing a Military Post There Being Considered

May Be Called Fort Alger in Honor of the Secretary of War—Volunteers from Army Anxious to Go.

The secretary of war is considering a proposition that has been made to him to establish a military post in Alaska. At present the government has no troops in that vast territory, and in view of the heavy immigration going on and the possible danger to life and property from lawless characters he has been urged to create an Alaskan military post. The commercial interests of the territory are at the bottom of the movement and have requested that a company of infantry and a Gatling gun brigade be located at a point to be christened "Fort Alger" near the boundary line, about 250 miles west of Klondyke and 2,200 miles above the mouth of the Yukon river. This body of troops is asked for to support the civil authorities in the administration of law and for the protection of vested rights. It was suggested that troops be marched over the Dyea overland route to the post, which will be erected by contract for the government use if desired, but this will be impossible, in view of the fact that the British law, like our own, would not permit the passage of foreign troops over British territory without special permission. Therefore, the troops will be carried up the Yukon in a steamer, if the government consents to establish the post. There is some doubt of the power of the president to establish a post as proposed without congressional authorization, and that aspect of the question has been brought to the attention of the attorney general for an opinion. An early decision must be reached if the troops are to be sent to the new post this season. Meanwhile volunteers for service in Alaska are already coming forward.

Secretary Alger received a telegram from Capt. W. B. Abernethy of the Second Infantry, which was dated at Fort Harrison, Mont., tendering his services with 60 picked men of his regiment for duty in Alaska, and expressing a desire to report personally to Secretary Alger.

Col. Randall, of the Eighth Infantry, at Cheyenne, Wyo., has received a telegram from Washington stating that the expedition to Alaska has been temporarily abandoned. It has been discovered that many supplies necessary for such an undertaking as the one proposed are not to hand and much time and expense would be necessary to send the soldiers to a country where the preservation of life depends on perfect equipment. The part of Alaska mapped by the expedition is said to be rapidly freezing up, and after serious consideration of all of these facts the trip has been pronounced injudicious at this time and postponed probably till spring.

Will Travel As in Old Days.

Wisconsin Men and Women to Take Outing in Prairie Schooner.

Rev. Merten C. Andrews, rector of St. Paul's Episcopal church, at Oshkosh, Wis., has gotten up an antique outing party. On Thursday morning he, E. P. Hammer, Mrs. E. P. Hammer, Mrs. Burton and Misses Emma Murdoch, Sophie Kranz, Matilda Davis, Minnie Warner, Mabel Barton, of Oshkosh; Olga Lehman, of Green Bay, Julia Tullmidge, of Chicago, and Adelaide Hart, of Oshkosh, started on an outing in a fashionably prairie schooner, formed by laying a floor across a hay rack, which was covered by a large tent. This rig was hauled by a heavy team of draught horses. The party were uniformed in outdoor costume, the ladies in heavy canvas shorts and the men in bicycle costumes, with canvas leggings.

They will go by way of Escanaba, Marquette and Leavenworth to Duluth and return via the Mississippi river and La Crosse to Milwaukee and then home. On the route to Milwaukee and then home. On the route to Milwaukee and then home. On the route to Milwaukee and then home.

### HIS STOMACH A LIZARD'S DEN.

After Two Years' Suffering a Man Expects to Recover His Health

William Collins, who lives at Sixty-second street and Baltimore avenue, Philadelphia, has accomplished the remarkable feat of expelling from his stomach 35 lizards of various sizes. He called on Dr. Richmond, whose office is on Chestnut street, above Fortieth, a few days ago and declared he was tired of being drugged for an apparently incurable malady and that he had fled from his last physician because he refused to operate upon him for appendicitis. The stranger then described his symptoms as being severe pains in the stomach, as if something was biting him. This had been going on for a couple of years, but of late had been much worse. He said he had dreamed of snakes and almost believed he could see them when awake.

Whereat the doctor inquired what his favorite drink was. The man declared he never drank anything but water from the well in the yard of his home. Putting two and two together Dr. Richmond wrote a prescription and gave it to Collins, telling him he must not be alarmed at getting very sick at his stomach. He went off shaking his head and saying that he guessed there was no hope for him. Two days later he came back, greeted the doctor heartily and exclaimed:

"Guess they're all out—I counted 35, dead and alive."

When Collins made his remarks more clear by declaring that the articles in question were lizards from two to two and a half inches in length, the physician began to doubt his sanity. He drove Collins out to his home and there found in a bottle of alcohol 35 lizards, while one a little larger than the rest, the sole survivor of his family, supported himself in a miniature cage. Collins' wife and parents corroborated this rather remarkable story. The patient declares he feels comparatively well now.

## LOCAL MENTION.

**A Welcome Exhibition.**

The announcement that Prof. Gentry's famous dog and pony show is soon to exhibit in this city, has led to numerous inquiries about the details, such as the location of the grounds and prices of admission.

The character of the show is so well known that the people will regard the information as news and consequently we have made inquiries with the following result: The show, which it is needless to mention, is the best one of its kind in the world, will exhibit under their own water-proof tent which will be located at Third and Jackson streets Monday and Tuesday night of next week and a matinee Tuesday afternoon at 2:30. The prices of admission are: Children 10c, adults 25c, and when the magnitude and artistic worth of the show is taken into consideration it will easily be seen that the prices of admission are decidedly reasonable.

September light bills are now due. If you pay before the 5th you save the discount.

## SILLY STORIES

Now Being Used By the Democrats

To Intimidate the Colored Voter

—No Illegal Registration.

Some of the blustering Democrats and Democratic election officers, for obvious purposes, are going about claiming that colored voters registered illegally last Tuesday, and that they will be arrested for perjury. This is a fabrication out of the whole cloth. A man who registers illegally, black or white, independent of politics, ought to be arrested, and arrested quick. The Democrats or any one else, however, do not know of a single Republican or Democrat, either, who registered illegally. If they had they would have been only too glad to swear out warrants against the Republicans, at least.

They know of no such persons, and it is likely everybody registered fairly and legally last Tuesday. These bluffers are simply using such stories as a subterfuge to intimidate, and for no other purpose.

If they know of anyone who registered illegally—and one man was heard today to say that he knew of thirty-five—and do not furnish the authorities with facts that will enable them to bring the guilty would-be politicians as are guilty under the law as the alleged culprits themselves.

Now put up the names or shut up.

About Twenty-Five Ballots Taken Before a Choice Was Made

There has been nothing done at today's session of fiscal court of interest to the public, except the attempt to elect a keeper of the county poor farm, which had been unsuccessful up to press time.

The candidates were Mrs. Mattie Jacobs, Ed Crutchfield, Sam Sneed, Wm. Craft and Willis Morgan. Sneed and Craft received one vote each in the first seven ballots, and Mrs. Jacobs and Mr. Crutchfield three votes each.

At 2:30 the court took a short recess.

At 3 o'clock twenty ballots had been taken, and there was still no election.

At 3:18 Messrs. Jacobs and Sneed were dropped and Mr. Craft was elected by a vote of 5 to 3.

**HUGH CRAFT**

Elected Keeper of the County Poor Farm.

About Twenty-Five Ballots Taken Before a Choice Was Made

There has been nothing done at today's session of fiscal court of interest to the public, except the attempt to elect a keeper of the county poor farm, which had been unsuccessful up to press time.

The candidates were Mrs. Mattie Jacobs, Ed Crutchfield, Sam Sneed, Wm. Craft and Willis Morgan. Sneed and Craft received one vote each in the first seven ballots, and Mrs. Jacobs and Mr. Crutchfield three votes each.

At 2:30 the court took a short recess.

At 3 o'clock twenty ballots had been taken, and there was still no election.

At 3:18 Messrs. Jacobs and Sneed were dropped and Mr. Craft was elected by a vote of 5 to 3.

The Kentucky Bankers' Association met yesterday at Frankfort. Gov. Bradley delivered an address of welcome, and Gen. D. W. Lindsay did the oratorical honors for the Frankfort bankers. President Leathers and the other officers read their reports at the morning session.

The British government has announced that it will take no part in any sealing conference with representatives of Russia or Japan. It contends that neither Russia nor Japan is sufficiently interested in the questions at issue to be entitled to representation.

**Important Notice.**

All persons knowing themselves indebted to the firms of Rogers & King and John Rogers & Son are hereby warned to call and settle the same at once at my office, No. 127 South Fourth street, and thereby save to themselves costs, as I will be forced to proceed by law to collect same, unless otherwise settled promptly.
